BEAGLE
Lasers and Medical Aesthetics

Providing Solutions For All Your Medical Aesthetic Needs
96 Inspiring Years of Experience in Medical Aesthetics

www.beaglelasers.com

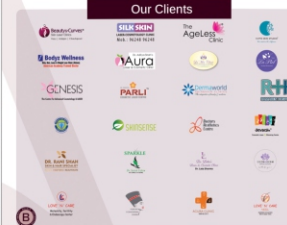

Our Story

Beagle is offering to end consumers, a single platform to access good quality, trusted, and reliable lasers & medical aesthetic equipment, both Indian and International brands, post-sales services, clinical training, shipping, and logistic assistance, finance and lease options. The Beagle offers opportunities to distributors, dealers, and agents engaged in medical aesthetics, and professional beauty to work with multiple brands and extend their product portfolio without increasing financial burden. Beagle's for each platform offers NBFCs, financial institutes, and banks a platform to identify and finance new customers in the medical aesthetic industry and help them ease purchase. Professionals working in the medical aesthetic industry can register and build their profile and get opportunities to accelerate their career growth and certify as skilled agents. Beagle Gallery is a city wide display cum store for exploring technicality of the equipment before purchase and acts high-visibility and trust amongst the customers.

3 Simple Steps to Purchase Machines

1. Visit www.beaglelasers.com

3. Book, Rent & Buy Machines At Beagle Gallery

Our Clients

High-end Medical Devices **BEAGLE**

Dhanush - Hair Removal Diode
Dhanush 1600 is a triple wavelength diode hair removal laser which delivers 3 wavelengths of light, 755nm, 808nm, 1064nm in one single pulse and pulse duration to a specific target chromophore. A 1200ml 800ml diodes are available options. Dhanush is designed and developed in India for optimum performance under Indian conditions and power consistency. Specially designed canopy offers style, comfort, mobility, portability and heat stability under Indian conditions.

- Permanent Hair Reduction

Premium Q-Switched Nd: YAG
Beagle Laser is newly released Q-switched Nd:YAG laser therapy system. The system has an optimal clinical treatment effect.

- Deep Tissue • Flexible
- Firmness • Open Pores

Agri Q-Switch
Agri Q-Switch ultra-short pulse duration goes beyond photo-thermal action creating an intense photo-mechanical impact, resulting in greater disruption of the target for better clearance with fewer treatments. Less fluence and without injury to the surrounding skin.

- Yellow Removal
- Pigmentation

BEAGLE

Premium CO2 Laser
CO2 fractional laser wavelength is 10600nm, the use of selective photo thermal decomposition principle, evenly on the skin marked with fine holes, resulting in the skin layer of hot shrinking, thermal coagulation, thermal effect.

- Skin Resurfacing • Pigmented Spots
- Vaginal Tightening • Stretch Marks
- Scar Removal

Premium Triple Wavelength Diode
Effectively cool and protect the skin to achieve painless, fast and permanent hair removal. The laser generated by the semi-conductor hair removal system can penetrate the epidermis to the hair follicle.

- Permanent Hair Reduction

5D CO2 Laser Machine
This model of CO2 laser machine is a compact model of its kind. It is widely used in hospitals, clinics for surgical and plastic treatment. The laser source is the sealed CO2, and the wavelength is 10600nm.

- Warts Reduction • Scar Treatment • Birthmarks Reduction
- Treat Sun Damaged Skin • Skin Tags • Skin Resurfacing
- Warts And Mole Removal

4D HIFU
The 4D multi-line ultrasonic beauty machine is a more authoritative and higher-end anti-aging system instrument.

- Face Lift
- Treatment Of Double Chin • Facial Fat Reduction
- Wrinkle Reduction

EXCIMER
Beagle EXCIMER laser targeted therapy for vitiligo, psoriasis, Neurodermatitis, Seboretic dermatitis, Acne dermatitis, Scleroderma, Photosensitive dermatitis.

- Vitiligo
- Psoriasis
- Acne dermatitis

Vertical IPL-OPT
High peak power, shorter pulses - optimal for IPL skin treatment using Photo Rejuvenation and hair removal. Control pulse shape by equalizing energy distribution over the entire pulse of diaphragmatic pulse.

- Skin Resurfacing
- Hair Removal
